PRESIDENT COOLIDGE, according to news agencies, defeated Hiram Johnson 2 to 1 in Michigan's primaries. It is impossible just to say to what extent Coolidge beat Johnson, and to what extent Henry Ford beat Johnson by his recent endorsement of Coolidge. Ford is the most influential man in Michigan, and without taking him into account, you can't judge the result of the Michigan primaries.

MARY GARDEN, once a Scotch immigrant girl, decides to become an American citizen. She says she is forty-seven years old and proud of it. That's the right spirit. No matter how many years you have gone through. How many good years have you ahead, what do you amount to now?

NINON DEL ENCLOS, who made a specialty of being charming, maintained her specialty until she died. Young men fell in love with her when she was past seventy. She left her best books to Voltaire, who was brought to see her when he was a little boy, thus proving her intelligence.

PENELOPE couldn't have been very young when Ulysses came back from all his travels, yet he found his home crowded with suitors that wanted to marry her. Trees die at the top. While the top is all right, the rest is all right. Let woman remember that, and worry more about the inside of the head, less about the hat on the outside of it.

RELIGIOUS gentlemen, gathered at Troy, praise Mr. Coolidge as "our Puritan President," calling on him to cleanse our internal affairs. Those gentlemen mean well, but they ought to look up the name Burchard. The United States doesn't want a Puritan President, or a free and easy "wide open" President, or a Mohammedan, Baptist, Catholic or Christian-Scientist President. It wants a good average American, that will attend to national affairs and let Americans settle their religious and other ideas, from Puritanism to bobbed hair, for themselves.

THIS state of New York struggles to secure a bill forbidding employment of men, women and children more than forty-eight hours a week. Two disgraceful facts are there. First, that women and children are allowed and compelled to work more than forty-eight hours a week.

Second, that women and children should be compelled to work at all.

CHILDREN should be protected and educated in their young. Women should not be called upon for any other work than producing and caring for children.

Labor, that uses its political influence to shut out our ambitious immigrants from Europe that this country needs, could protect itself better through some just method to do away with the competition of women and children that reduce wages at the same time encouraging.

BOSTON AMERICAN OFFICIALS ACCUSED

ATTEMPT TO SHOOT OFFICER

Prisoner at Joy Street Police Station Disarmed After Fierce Battle

Pandemonium broke out in the Joy street police station today when Frank Beland, a prisoner, flashed an automatic revolver from his pocket, pressed the muzzle against Patrolman Culleton, at his side, and tried to kill the officer.

Calleton and a brother officer, Patrolman Leonard, went into action with the first glimpse of the weapon. The speed of Culleton in seizing the prisoner's wrist saved his life.

Before Beland could cock the trigger that would have sent a bullet tearing into the patrolman, the prisoner and the two officers were locked in a struggle, with Patrolman Culleton's hands twisted like bands of steel about the wrist that controlled the revolver.

The three men fought back and forth and finally rolled on the floor but Culleton's grip never relaxed. Other patrolmen in the station house rushed to the room and in a few moments the prisoner was unarmed with all the fight knocked out of him.

Beland, whose home is in Canada, was arrested as a suspicious person by the two patrolmen. They made only a superficial examination of his person. He was taken to the Joy street station to be booked, after which the officers planned to carefully search him.

The prisoner faced Sergeant Brooks at the desk, with a patrolman on either side. He drew the weapon from a hip pocket so quickly the officers could not follow the movements, but quick as he was, the policeman whose life was in jeopardy was even quicker.

Julius Sullivan lost little time in rushing Beland to the House of Correction for six months on the charge of assault and battery with intent to kill.

DAWES URGES AMERICA TO FIX WAR DEBT

Paris, April 9 (A.P.)—The League of Nations is drawn into the reparations problem by the Dawes report, handed to the Allied Commission today, while an unofficial representative of the United States is slated for an important role in the execution of the experts' plan.

An American member of the general board of control for the proposed new gold bank of issue is slated likely to fill the important post of "commissioner."

His duty will be to decide when Germany's capacity to pay has been reached, while the league finance committee will be asked to arbitrate if the commission's decision in applying the "index of prosperity" are disputed by either Germany or the allies.

The report does not go into the total of reparations Germany is to pay. This was left expressly out of consideration in the investigation of the committee, and there has been no official change in the amount fixed by the reparations commission.

RADIO WAR SPEEDS IN SENATE

Broadcasters Present Their Side in an Effort to Avoid Copyright Royalties

Washington, April 9.—Opening maneuvers in the first great commercial battle for "the air," growing out of the development of radio, were staged today before the Senate Patents Committee.

Representatives of broadcasters, appearing in support of the bill of Senator Dill of Washington, which would relieve them of payment of copyright dues on broadcast material, had down an initial advantage in form of arguments that their stations served the public both as an instructor and an entertainer, and, inevitably, without cost.

Opponents of the proposed legislation will respond next Thursday with the charge that the Dill measure would violate the protection given by copyright and to that extent a confiscation of property.

Dr. F. McDonald of Chicago, president of the National Broadcasting Association, said there were now five hundred and thirty broadcast stations, twenty-four of which are operated by manufacturers of radio apparatus, twenty-seven are churches and other religious organizations and nearly one hundred by educational institutions.

ONLY TWO COLLECT
Only two stations make any effort to collect for their service, Mr. McDonald said. One of these is in New York, where a specified per centum charge is made for use by advertisers and the other at Kansas City, where an experiment is being conducted in collecting "voluntary" contributions from listeners. He expressed the opinion that neither would be successful.

The public will quickly recognize shrewd advertising and similar work, he said, "and there is no way of compelling a receiver to pay to him the subscription cost to a broadcast station and a moderate sum but all the parts necessary to make a complete set."

LOVE OF GAME
Therewith estimated the average broadcasting station represented an outlay of \$50,000 and used 3,000 hours per year from \$20,000 to \$100,000 a year to operate.

"What is the object of continuing this?" Senator Brandegee of Connecticut inquired.

"In our case, it's the love of the game," replied McDonald. "We could be tomorrow the most successful in the world."

Stinnes Is Dying; Dictates His Last Will

Berlin, April 9 (A.P.)—The office of Hugo Stinnes this afternoon announced the former industrial leader was in a "preparatory condition."

Stinnes' illness is said to be due to his arduous activities. His vast interests compelled him to travel constantly, and he usually worked from ten to fourteen hours a day. He never took a vacation.

WIFE SUES RICH WIDOW FOR THEFT OF HER HUSBAND'S LOVE

FORMER STAGE STAR ASKS \$250,000 HEART BALM

The \$250,000 suit for alienation of affections of her husband brought by Mrs. Laura Bradstreet of Bay State Road against Mrs. Alice F. Wallace, millionaire widow of Rochester, N. H., which has been pending in the suits for nearly three years, opened today in the Suffolk Superior Court.

Mrs. Bradstreet, a former actress, charges that the widow stole her husband's affections from her while he was employed in a business capacity by the widow in Rochester. The allegations have been denied by Mrs. Wallace who has intimated that she will bring charges of blackmail in connection with the case.

Mrs. Bradstreet told of her marital misadventure in answer to interrogatories recently filed in the Superior Court.

The \$250,000, Mrs. Bradstreet asks, is small recompense for the sufferings she has endured as a result of the alleged affair.

She says she was married to Bradstreet in 1905 after having known him only a week. At that time she was an actress. Fifteen years later she said, Mrs. Wallace came into their lives.

She says her husband told her that he expected to get \$5,000 a year from the widow. In September, 1921, she claims, her husband left her

SHOTS FAIL TO CHECK AUTOIST

But Speed of Pursuing Policeman's Car Overtakes Driver After Hot Chase

An automobile chase which started in Scollay square and ended in Chelsea street, Charlestown, and during which two shots were fired, resulted in the arrest of George H. Moore of Western avenue, Lynn, on the charge of driving an automobile while drunk.

Patrolman George Murphy of City Hall avenue station was on duty at Scollay square when he saw the automobile speeding toward him. The driver refused to halt and the officer commanded a passing car and gave chase.

ASKS HEART BALM OF HUSBAND'S PARENTS

MRS. INA POTTER, Chelsea woman who seeks divorce and \$50,000 from her husband's parents. In court today Potter said he had killed his wife since she claimed he had beaten her, but she denied it.

KISSED HIS WIFE SINCE KNOCKOUT

Mrs. Potter, Who Claims He Beat Her Into Unconsciousness, Denies His Testimony

Mrs. Ina Potter of Chelsea doesn't remember last election day as election day. She remembers it as the day on which her husband, William I. Potter, knocked her unconscious at 5 o'clock in the morning, she testified today in Probate Court.

She is suing Potter for divorce, alleging cruel and abusive treatment. In addition, she is seeking \$50,000 restitution of affection money from her husband's parents, Mr. and Mrs. John Potter of No. 135 Washington street, Chelsea.

Potter, the husband, has filed a suit for \$25,000 against his wife's mother, Mrs. Ida Shapiro of Chelsea, also alleging alienation of affection.

On the stand Mrs. Potter maintained the lawsuit was deliberate and that her husband beat and punched her into unconsciousness.

"Why didn't you go away from me?" asked the husband's lawyer, "I had to wait until I came to" the wife retorted.

Potter, in his testimony, said he had merely reprimanded her for not taking care of the baby properly when she attacked him, then fainted. In falling he said, she struck her face on a kitchen car.

Mrs. Potter left her husband's room and has not lived with him since Potter from a note book he called his diary, read off dates since the separation when he had kissed her.

The wife, in rebuttal, denied the above or any other intimacies between them.

Judge Frost took the case under advisement.

HOLD ROXBURY MAN AS BURGLAR SUSPECT

Taken while in the apartment of Christopher Connelly, No. 105 Magnolia street, Roxbury, Henry Baker, alias Baker, of Inglewood, Boston, was in District Court today on two charges of breaking and entering. Neighbors noticed a strange man entering the Connelly apartment and police were notified. Officers found Baker in the house with a large pile of goods ready to carry away, it is said.

TWO WOMEN HELD ON DRUG CHARGES

Allice Channing, thirty-eight, and Edith Hall, twenty-five, both formerly dressed and of attractive appearance, appeared in District Court today, charged with having drugs in their possession.

When Sergeant Patrick Ryan and a squad of officers from Roxbury Crossing station, raided the apartment occupied by the women on Columbus avenue, Roxbury, marijuana worth \$100 was found on the way.

Both women furnished bail and their cases were continued until April 15.

DEVER AND SMITH

In addition to ignoring Meadon, in many cases voters wrote in the names of Mayor William H. Dever of Chicago and Governor Al Smith of New York. In 1,783 precincts, including 1,600 in Chicago, Meadon received 44,683 votes, while in the same precincts Dever's name was inserted on 2,428 ballots and Smith's on 1,391.

The latest contest in the primary was for the Republican gubernatorial nomination, and Governor Len Small, who had been bitterly opposed by Attorney General E. J. Brundage, handily won the nomination for another term by defeating State Senator T. J. Elington and carrying most of his supporters for other State offices through to victory.

President Has 20,000 Vote Lead in Nebraska

Omaha, April 9 (A.P.)—President Coolidge had a lead of about 20,000 votes over Senator Johnson of California when 911 precincts of 1,532 had reported from yesterday's Republican preference primary. The vote: Johnson, 22,582; Coolidge, 62,985.

Senator George W. Norris, Republican, of the Independent type, whose friends charged that "Eastern politicians" and "moneyed interests" were out to defeat him, was apparently reannounced by a substantial margin over former Representative Charles Olson, regarded as an administration man. The Senator had 32,664 votes compared with 15,660 for Olson.

Coolidge and Ford Hold Lead in Michigan

Detroit, April 9 (A.P.)—President Coolidge and Henry Ford held their leads for presidential preference as reported from Michigan primary election Monday came in today. The latest vote was: Coolidge, 185,246; Hiram Johnson, 81,253; W. G. Simpson, 7,590; Ford, 54,488; Ferris, 31,297.

"COLLEGE WIDOW" SENT TO SHERBORN

She was accused of larceny from the First National Bank of Amherst and the Commonwealth of Massachusetts. Her operations by means of forged checks are said to have extended over a long period. She was found in a Boston hotel by State Detective J. V. Daly by means of the fingerprint system.

FARRAR TO HEAD HER OWN OPERA COMPANY

Prima Donna Will Tour Country, Giving Performances of "Carmen"

New York, April 2.—Geraldine Farrar, American opera singer, for sixteen years shined honors at the Metropolitan Opera House with "Carmen" and was crowned "Queen of the Opera" when she left two years ago, will make an independent venture in grand opera next fall, according to C. Geraldine Farrar, J. Foley, of Boston, her manager.

After two years of concerts and constant travel, Miss Farrar is to take on tour as far as the Pacific coast a company of her own in "Carmen" with the orchestra for the company, according to Foley, directed by a former conductor for the Metropolitan.

The company, he said, will have its special railway equipment including a private car for Miss Farrar.

BABY BOY OFFERED FOR ADOPTION

"BABY ALFRED"

HOME SOUGHT FOR BLUE-EYED ALFRED

A tiny blue-eyed baby boy wants a home. It's so very tiny that he hasn't even thought of calling anybody "mother" yet and he's saving that sweet word for the one who adopts him. Yet he has a mother, who is very pretty, and she has taken fond care of him during the two months and two weeks of his life. Unable to work and save for the child, she telephoned to the Want Ads. department of the American.

"Please insert an ad for me," she said. "I read about Baby Buster being advertised for adoption, and about the good parents he found, and I want my son to have a chance."

Her baby's bid for a chance looked like this when the computer set it up:

MICHAEL RILEY MAY BE NAME OF DEAD MAN

Police Seek Identification of Body Found in North Reading Pond

North Reading, April 8.—Written descriptions in a Catholic prayer-book and other belongings may lead to the identification of the body of a man found drowned in Martin's Pond today.

The name "Michael Riley" appears on the fly leaf of the book and the greatest of the book is "Riley and Alax" on the reverse side of a Christmas card. Both were discovered in a box of the dead man's dark suit coat.

Police of this town believe that the man was drowned last November. Two hunters reported having seen a dark object floating in the middle of the pond. A three day search by police for a body proved fruitless.

Henry Larsen, a cottage, found the body this morning. It was dressed in blue overalls and dark shoes and black or dark blue coat. The remains are those of a blond-headed man five feet tall and clean shaven.

The other occupants of the car are still in the hospital. Hearing on the complaint will be held until October 15th.

YOUNG GUNMEN ROB ROXBURY MAN OF \$3

Two youthful handies held on Israel H. Brumman on No. 241 Highland street, Roxbury, as he approached his home after attending a police meeting. One of the youths pointed a revolver at Brumman and when the victim was alone in the street during his money, the other handies suggested that they "shoot him out."

The pair made off with a \$3 change and Brumman's keys, even looking his wallet containing a larger sum of money.

TURKESMAN REVOLTS AGAINST SOVIET

London, April 8.—Turkmen and the surrounding district have refused to accept the Soviet government, according to dispatches from Baku. The revolutionaries reported to have captured parts of the Province of Persia and to be threatening the city of Khiva. The trouble is mostly financial. Mohammedans and the rebellion is partly due to the autocratic propaganda of the Bolsheviks.

BOSTON FIRM'S BOSCH PROFITS \$351,960

Daughterly Witness Gives the Amount Cleaned Up by Hornblower & Weeks Continued from First Page.

The name now is "Mersey a firm name," he said.

Radio Receiving Conditions Tonight

Radios receiving conditions tonight are scheduled to be good throughout the entire eastern section of the country. Conditions in the Middle West and the West will not be so good, owing to a high barometric pressure area in that section.

Stork said. Martin E. Kern of Allentown, Pa., had told him, the witness said, that the Kern induced Palmer to assist the Bosch magazine as it is property Kern's police record was read at this point, showing various arrests, convictions and sentences.

"Kern purchased this property from me, but he was not a citizen of the United States, in violation of law," he said, and added that Kern never was connected in that case. He and his associates "made a million dollars on the Bosch deal," Stork declared, without "putting up a nickel."

AGGREGATED \$2,147,000.

Asked to give the total borrowed personally by Guffey from banks in which he had trust funds, Stork said these loans aggregated \$2,147,000, "and some of these are still unpaid."

Turning to the part played by A. Mitchell Palmer in the case, the witness said Palmer put in a hour of directors for the Bosch Company, which immediately voted themselves salaries up to \$10,000 and additional directors' fees which in some cases amounted to \$1,000.

Going over the legal expenses of the Bosch Company under these directors, the witness said payments of \$1,000 to \$25,000 to J. H. Covington, whom he identified as Palmer's campaign manager.

Palmer, Stork said, was Kern's attorney in some matters. Stork went into details of the sale and reorganization of the Bosch Company. He said actual profits of the Bosch Company for five years prior to its taking over by the alien property custodian ran from \$1,000,000 to \$478,000 a year.

He fixed the profits of Hornblower & Weeks on the Bosch deal at \$351,960, and of Kern at \$202,346. Arthur T. Murray, Kern's "Man Friday," he said, made \$275,000.

"And Messrs. Kern and Murray put up not a single cent," he added.

WHEELER WILL CONTINUE FIGHT ON DAUGHTERY

Denies Graft Charges and Lays Indictment to Ex-Attorney-General's Work

Washington, April 9.—Senator

Wheeler of Montana, under indictment at Great Falls, Mont., on charges of having accepted money improperly after his election, but before qualifying for office, intends to remain in Washington by continuing prosecution of former Attorney General Daugherty's administration.

Daugherty, he had over represented Gordon Campbell, ex-governor and senator, or others indicted with him in matters before the Interior Department, as charged. Wheeler declared in a statement that "this indictment is simply the result of my activities here on the investigating committee."

He has acted for Campbell, he added, in litigation in Montana.

Former Attorney General Harry M. Daugherty, when informed of the grand jury's action, authorized a statement that the Department of Justice had "nothing whatever to do" with the evidence against Senator Wheeler.

THE RUSSIAN budget is in good shape, taxes coming in regularly, more money taken in than Russia needs—real money, at that. Rustians intend to show their world activity by planting the red flag at the North Pole by the first of September. Ten activists will go along with the fleet.

THE WORLD may yet see in Russia and the United States the two chief competing nations of the world. There is nothing like revolution to stir up energy and ability, as you learn from the history of France.

THE METHODISTS propose to publish a daily newspaper. Catholics not long since had a similar idea. It would be an interesting experiment, welcomed and watched by all editors. A re-

ligious newspaper might develop ideas of use in the church, of which the great problem is to make church services INTERESTING.

Henry Ward Beecher knew it when he sold a slave girl at auction from his pulpit.

YOUNG GIRLS in a public high school were branded, and painfully disfigured, in a rapid having performed a stunt in a secret school society called the Delta Kappa Gamma Society.

Such nonsense should be barred from public schools at least. A secret society, whatever the nature, has no place in the public school, which is intended to make

the children members of the one great fraternal society known as the United States of America.

HENRY FORD will buy a trolley line, connecting Muscle Shoals with the Gulf at Mobile, according to reports. He might utilize the gas engine trolley car that he once showed this writer in his Dearborn laboratory. Light in 1915, his car could cross the continent at the rate of sixty miles an hour without taking on fuel, and at less than half the present cost of transportation. That ought to interest railroad men now. If it doesn't, the kind of competition it will give them will interest them later—and too late.

FORTY THOUSAND bottles of the bottle-whiskey dumped into the river off the docks of an army have brought forty thousand dead fish floating to the surface of the water. That ought to interest human beings that drink such stuff and actually pay for it.

Oil Man Tells Teapot Problems of Conversation With Hammon After Convention

Washington, April 9 (N.A.S.)—The scope of the Senate's oil investigation which has already led to several efforts for the recovery by the government of naval oil reserves in California and Wyoming was widened today, Senator Walsh wrote a letter to Secretary of the Interior, Weeks, demanding a full report on Naval Reserve No. 2 at Buena Vista, Cal.

Washington, April 9—Further in inquiry into reports of "steals" at the Republican National Convention at Chicago in 1920 was made today by the Senate Oil Committee.

J. W. Beach of Huntington, Tex., formerly an oil operator in Oklahoma, testified that the late Jake L. Hammon, Republican National Committee member of Oklahoma, told him he had "signed a check" that resulted in the nomination of Warren G. Harding. The "convention" took place after the Chicago convention, Beach said.

He quoted Hammon as saying he would need \$100,000 to necessary to put Oklahoma in the Republican column in the general election.

William H. Miller of Columbus, O., testified that he assisted in Harding's pre-convention campaign visiting the southwestern States. He first met Hammon at Harding headquarters at Indianapolis before the convention and later saw him at the Chicago convention.

"I had no part in the collection or disbursement of funds," Miller said.

J. B. French of Oklahoma City testified Monday that Hammon had told him he had given \$10,000 to Miller to pay the headquarters expenses of the Harding committee at Chicago.

There was no discussion of oil lands or leases at either of his meetings with Hammon, Miller said. Hammon had told him at the Indianapolis meeting that he was for Lowden, he said, but had added that Mrs. Lowden was a distant relative of President Harding and was important in his support.

The witness then denied specifically that Hammon had given him \$25,000 to pay the expenses of Harding headquarters at Chicago.

FLOOD RECEDES; NO DANGER OF CLOSING MILLS

All-Night Search Near Methuen for Children's Bodies Is Fruitless

The threat of flooding floods in the Merrimack Valley region faded today when the swollen waters of the Merrimack River dropped perceptibly in height and continued to recede gradually.

Officials of the Essex Co., which controls the rights to the big dam at Lawrence, declared today that the threat of danger has passed and the threatened closing of the mills throughout flood will not be necessary.

All through the night men of the Pleasant Valley section of Methuen were posted at vantage points along the swollen Merrimack on the lookout for bodies of Rosina, Corsey, twelve, and her brother, Corrado, nine, who were believed to have been victims of the roaring river.

Today, however, the watchers withdrew when police declared their belief that the brother and sister had

run away from home and were hiding in the woods.

A year ago, according to the police, they fled from home as they are believed to have done last. The children, at one time, were taken from their mother, Mrs. Thomas, because of alleged neglect and were placed in care of the State. Later they were given back into charge of the parents.

In the belief that the woods are

hiding the brother and sister, a search party began a hunt in the Pleasant Valley, N.H.

ALCOHOL SEIZED AFTER TRUCK HITS AUTO

Keenness of Constabulary Officer Leads to Arrest at Framingham

Framingham, April 8.—One keen constabulary officer today, possessed by Lieutenant Deane of the State Constabulary, today for transporting fifty gallons of alcohol. Golden, driving his own truck, containing it. It is alleged, fifty gallons of alcohol and five cases of liquor labeled "White Horse" Scotch, which, rummed a touring car last night less than fifty yards from Constabulary headquarters.

The touring car is owned and was driven by John P. Derron of Edgely road, Framingham. Lieutenant Deane and other members of the Constabulary heard the crash and ran out of headquarters.

Deane asked Golden what he had in the truck and Golden said he remembered it as rum. Then the lieutenant saw the candy draped beneath the truck. He investigated and found the alcohol and whiskey. Golden was arrested and turned over today to British authorities in Boston. Both cars were wrecked but neither driver was injured.

Candy Merchant

GEORGE W. LOFT
Manufacturer of sweets who celebrates success by opening handsome shop in Boston.

BIG NEW CANDY STORE TO OPEN IN BOSTON

A thousand varieties of candy, representing the product of the largest candy manufacturer in the world, will be offered for the benefit of Boston's sweet tooth on Thursday when George W. Loft will open the thirty-third shop in the Loft chain of candy stores on Washington street, near Winter.

The opening of the Boston store marks a romantic turn in the career of the famous candy manufacturer. Forty years ago George Loft, then a boy of fifteen years, came to Boston with samples of his father's candy made in the latter factory in New York.

So successfully was the candy received by the wholesale houses here that the young man returned to New York with \$1,700 in orders.

The youthful salesman decided that he would return to Boston to celebrate the success he hoped for.

Thursday's opening in Boston marks the end of the Loft store throughout the country with thirty-three large cities represented.

Previous to starting upon the road with samples from his father's factory, young Loft spent two years in the factory making, packing and shipping the goods for which he received orders.

The Loft enterprise now turns out 2,000,000 pounds of candy a year, employing 2,500 persons.

2 BOBBED-HAIR GIRLS SEIZED IN BANDIT HUNT

The detectives, armed with sledgehammers, axes and jimnies, battered down the steel door of one apartment near Riverside Drive and found two girls and three men. They also found six revolvers, jimnies, ropes, jewelry, wires and expensive goods. One of the girls, Nellie Meyers, twenty years old, said she ran away recently from her home at Hartford.

BARS HUSBAND AND SUES FOR DIVORCE

Mrs. Zita Knapp Charges Misconduct by Rich Shoe Merchant

Continued from First Page.

"Two years of cruelty," which culminated in her finding him one evening in a Summer street restaurant with a pretty stenographer.

When Knapp, whose place of business is at No. 134 Summer street, came home that night he found his wife entrenched in his beautiful residence in the Oakley Country Club section. The doors were locked, the lights were out.

In want to the back door, neighbors heard a crashing of glass followed by a woman's screams and a man's voice raised in angry tones. The police came and quiet was restored.

DIVORCED FROM HOME.

But Mr. Knapp did not spend that night at home—nor any night since.

He found himself barred not only from his wife and home, but also from his beautiful seven-year-old daughter, May Virginia, whose custody Mrs. Knapp asks in her divorce suit.

The shoe merchant was notified by his wife during the course of his efforts to get into his own home, that she had begun divorce proceedings through Major Thomas L. Walsh, her attorney. The papers have just been made public at East Cambridge courthouse.

"I have a perfect right to bar my husband from the house," said Mrs. Knapp today. "I certainly ought to bar a husband who has been cruel for two years and whom I am suing for divorce. That's why I kept him out."

"ANOTHER WOMAN."

"I stood things as long as I could, but on Washington's Birthday I caught him with another woman. Oh, yes, there's another woman in the case. When I discovered that, I sued for divorce, locked the doors and asked the police for aid."

How about your case of LIFEBOUY HEALTH SAOP

your grocer will exchange for your coupon?

Bolmont police now guard the house every night, with orders to prevent burglars, tramps and the gentleman who pays the town taxes on the property from entering against the wishes of Mrs. Knapp.

Knapp, who in the language of the poets is "lord and master of his castle," admits that in everyday slang he is "out of luck." He will fight his wife's petition for custody and alimony, and he denies her charges.

"I love my wife and my little girl," he said. "Two tried again and again to get her to let me in so we can become reconciled and make a fresh start."

Mrs. Knapp, who was Miss Zita O'Neil of Seattle, asserts she married Knapp in Seattle in 1912 and that they have always lived in Greater Boston. She specifically alleges cruelty and abuse on February 27 of this year, and improper conduct on Knapp's part with a woman or women unknown to her on February 21 and other dates.

Relieved by Taking Lydia E. Pinkham's Vegetable Compound

These Three Letters Prove It

Lowell, Mass.—"I am sending you a few lines to let you know what your medicine has done for me. I want you to let every one know that it has helped me in nervous troubles. I have four children and you know there is a lot to be done for children. They would come in from school and they would start telling me about their little troubles but I could not stand it. I had to send them away. I could not even walk on the street alone. I was so nervous. I found one of your books and read it and then I saw in the paper about Lydia E. Pinkham's Vegetable Compound. I got it and I had taken one bottle when I was changed in myself. I was just as I am now and it does not bother me. I am still taking the Vegetable Compound. —Mrs. Joseph L.
